

snapper fishery in the Gulf of Mexico to account for all commercial, recreational, and charter fishing harvests and fishing effort on the stock;

(B) the appropriateness of the scientific methods, information, and models used by the Secretary to assess the status and trends of the Gulf of Mexico red snapper stock and as the basis for the fishery management plan for the Gulf of Mexico red snapper fishery;

(C) the appropriateness and adequacy of the management measures in the fishery management plan for red snapper in the Gulf of Mexico for conserving and managing the red snapper fishery under this chapter; and

(D) the costs and benefits of all reasonable alternatives to an individual fishing quota program for the red snapper fishery in the Gulf of Mexico.

(2) The Secretary shall ensure that commercial, recreational, and charter fishermen in the red snapper fishery in the Gulf of Mexico are provided an opportunity to—

(A) participate in the peer review under this subsection; and

(B) provide information to the Secretary concerning the review of fishery statistics under this subsection without being subject to penalty under this chapter or other applicable law for any past violation of a requirement to report such information to the Secretary.

(3) The Secretary shall submit a detailed written report on the findings of the peer review conducted under this subsection to the Gulf Council no later than one year after October 11, 1996.

(b) Prohibition

In addition to the restrictions under section 1853(d)(1)(A) of this title, the Gulf Council may not, prior to October 1, 2002, undertake or continue the preparation of any fishery management plan, plan amendment or regulation under this chapter for the Gulf of Mexico commercial red snapper fishery that creates an individual fishing quota program or that authorizes the consolidation of licenses, permits, or endorsements that result in different trip limits for vessels in the same class.

(c) Referendum

(1) On or after October 1, 2002, the Gulf Council may prepare and submit a fishery management plan, plan amendment, or regulation for the Gulf of Mexico commercial red snapper fishery that creates an individual fishing quota program or that authorizes the consolidation of licenses, permits, or endorsements that result in different trip limits for vessels in the same class, only if the preparation of such plan, amendment, or regulation is approved in a referendum conducted under paragraph (2) and only if the submission to the Secretary of such plan, amendment, or regulation is approved in a subsequent referendum conducted under paragraph (2).

(2) The Secretary, at the request of the Gulf Council, shall conduct referendums under this subsection. Only a person who held an annual vessel permit with a red snapper endorsement for such permit on September 1, 1996 (or any person to whom such permit with such endorsement

was transferred after such date) and vessel captains who harvested red snapper in a commercial fishery using such endorsement in each red snapper fishing season occurring between January 1, 1993, and such date may vote in a referendum under this subsection. The referendum shall be decided by a majority of the votes cast. The Secretary shall develop a formula to weigh votes based on the proportional harvest under each such permit and endorsement and by each such captain in the fishery between January 1, 1993, and September 1, 1996. Prior to each referendum, the Secretary, in consultation with the Council, shall—

(A) identify and notify all such persons holding permits with red snapper endorsements and all such vessel captains; and

(B) make available to all such persons and vessel captains information about the schedule, procedures, and eligibility requirements for the referendum and the proposed individual fishing quota program.

(d) Catch limits

Any fishery management plan, plan amendment, or regulation submitted by the Gulf Council for the red snapper fishery after October 11, 1996, shall contain conservation and management measures that—

(1) establish separate quotas for recreational fishing (which, for the purposes of this subsection shall include charter fishing) and commercial fishing that, when reached, result in a prohibition on the retention of fish caught during recreational fishing and commercial fishing, respectively, for the remainder of the fishing year; and

(2) ensure that such quotas reflect allocations among such sectors and do not reflect any harvests in excess of such allocations.

(Pub. L. 94-265, title IV, § 407, as added Pub. L. 104-297, title II, § 207(b), Oct. 11, 1996, 110 Stat. 3612; amended Pub. L. 106-554, § 1(a)(4) [div. B, title I, § 144(a)(3), (4)], Dec. 21, 2000, 114 Stat. 2763, 2763A-238.)

AMENDMENTS

2000—Subsecs. (b), (c)(1). Pub. L. 106-554 substituted “October 1, 2002,” for “October 1, 2000,”.

CHAPTER 39—MINING ACTIVITY WITHIN NATIONAL PARK SYSTEM AREAS

Sec.	
1901.	Congressional findings and declaration of policy.
1902.	Preservation and management of areas by Secretary of the Interior; promulgation of regulations.
1903 to 1906.	Omitted.
1907.	Recordation of mining claims; publication of notice.
1908.	Damage to natural and historical landmarks; procedures for determination and enforcement of abatement of damaging activities.
1909.	Severability.
1910.	Civil actions for just compensation by mining claim holders.
1911.	Acquisition of land by Secretary.
1912.	Financial disclosure by officer or employee of Secretary.
	(a) Filing and availability of written statements; contents.
	(b) Enforcement procedures.

Sec.

- (c) Exemptions.
- (d) Violation; penalty.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 410aaa–48, 410aaa–59 of this title.

§ 1901. Congressional findings and declaration of policy

The Congress finds and declares that—

(a) the level of technology of mineral exploration and development has changed radically in recent years and continued application of the mining laws of the United States to those areas of the National Park System to which it applies, conflicts with the purposes for which they were established; and

(b) all mining operations in areas of the National Park System should be conducted so as to prevent or minimize damage to the environment and other resource values, and, in certain areas of the National Park System, surface disturbance from mineral development should be temporarily halted while Congress determines whether or not to acquire any valid mineral rights which may exist in such areas.

(Pub. L. 94–429, § 1, Sept. 28, 1976, 90 Stat. 1342.)

SHORT TITLE

Pub. L. 94–429, which enacted this chapter, amended sections 123 and 450y–2 of this title, and repealed sections 350, 350a, 447, and 450z of this title, is popularly known as the “Mining in the Parks Act”.

§ 1902. Preservation and management of areas by Secretary of the Interior; promulgation of regulations

In order to preserve for the benefit of present and future generations the pristine beauty of areas of the National Park System, and to further the purposes of sections 1, and 2 to 4 of this title, as amended, and the individual organic Acts for the various areas of the National Park System, all activities resulting from the exercise of valid existing mineral rights on patented or unpatented mining claims within any area of the National Park System shall be subject to such regulations prescribed by the Secretary of the Interior as he deems necessary or desirable for the preservation and management of those areas.

(Pub. L. 94–429, § 2, Sept. 28, 1976, 90 Stat. 1342.)

§§ 1903 to 1906. Omitted

CODIFICATION

Section 1903, Pub. L. 94–429, § 4, Sept. 28, 1976, 90 Stat. 1343, provided for a 4-year cessation of certain mining operations within the boundaries of Death Valley National Monument, Mount McKinley National Park, and Organ Pipe Cactus National Monument, subject to exceptions.

Section 1904, Pub. L. 94–429, § 5, Sept. 28, 1976, 90 Stat. 1343, provided for inapplicability of requirements for annual expenditures on mining claims to mining operations during the 4-year period under section 1903.

Section 1905, Pub. L. 94–429, § 6, Sept. 28, 1976, 90 Stat. 1343, provided that within 2 years the Secretary of the Interior determine the validity of unpatented mining claims within Glacier Bay National Monument, Death

Valley and Organ Pipe Cactus National Monuments and Mount McKinley National Park, submit to Congress recommendations for acquisition of valid claims, and study and submit to Congress recommendations for modifications of existing boundaries of the Death Valley Monument and the Glacier Bay National Monument.

Section 1906, Pub. L. 94–429, § 7, Sept. 28, 1976, 90 Stat. 1343, provided that within 4 years the Secretary determine the validity of unpatented mining claims within Crater Lake National Park, Coronado National Memorial, and Glacier Bay National Monument, and submit to Congress recommendations for acquisition of valid claims.

§ 1907. Recordation of mining claims; publication of notice

All mining claims under the Mining Law of 1872, as amended and supplemented (30 U.S.C. chapters 2, 12A, and 16 and sections 161 and 162) which lie within the boundaries of units of the National Park System shall be recorded with the Secretary of the Interior within one year after September 28, 1976. Any mining claim not so recorded shall be conclusively presumed to be abandoned and shall be void. Such recordation will not render valid any claim which was not valid on September 28, 1976, or which becomes invalid thereafter. Within thirty days following September 28, 1976, the Secretary shall publish notice of the requirement for such recordation in the Federal Register. He shall also publish similar notices in newspapers of general circulation in the areas adjacent to those units of the National Park System listed in section 3 of this Act.

(Pub. L. 94–429, § 8, Sept. 28, 1976, 90 Stat. 1343.)

REFERENCES IN TEXT

Section 3 of this Act, referred to in text, is section 3 of Pub. L. 94–429, which amended sections 123 and 450y–2 of this title; repealed sections 350, 350a, 447, and 450z of this title; and repealed act June 22, 1936 (49 Stat. 1817) which was not classified to the Code. The units of the National Park System listed in such section 3 are: Crater Lake National Park, Mount McKinley National Park, Death Valley National Monument, Glacier Bay National Monument, Coronado National Memorial, and Organ Pipe Cactus National Monument.

§ 1908. Damage to natural and historical landmarks; procedures for determination and enforcement of abatement of damaging activities

(a) Whenever the Secretary of the Interior finds on his own motion or upon being notified in writing by an appropriate scientific, historical, or archeological authority, that a district, site, building, structure, or object which has been found to be nationally significant in illustrating natural history or the history of the United States and which has been designated as a natural or historical landmark may be irreparably lost or destroyed in whole or in part by any surface mining activity, including exploration for or removal or production of minerals or materials, he shall notify the person conducting such activity and submit a report thereon, including the basis for his finding that such activity may cause irreparable loss or destruction of a national landmark, to the Advisory Council on Historic Preservation, with a request for advice of the Council as to alternative measures
